

WellCare Trading & Contracting Est.

ABOUT US

WellCare is committed to support most of oil, gas, petrochemical, electrical, salina water and ABC contract companies in Saudi Arabia and other Gulf country by supplying their martial requirements with high quality, competitive price & best delivery time.

We as WellCare management have the capability to fulfill our end-user demand around the clock.

We have established our material forecast department to re-sources most frequent T&I (Testing, Inspection & shutdown requirement) requirement ahead of time by doing this we are reducing the shutdown period which will result in less cost in our end-user budget.
