

WellCare

Trading & Contracting Est.

About us

WellCare is committed to support most of oil, gas, petrochemical, electrical and salina water companies in Saudi Arabia and other Gulf country by supplying their martial requirements with high quality, competitive price & best delivery time .

We as Wellcare management have the capability to fulfill our end-user demand around the clock.

We have established our material forecast department to re-sources most frequent T&I(Testing & Inspection) requirement ahead of time by doing this we are reducing the shutdown period which will result in less cost in our end-user budget.

Vision

Is to be one of the Gulf leader EST. in supplying industrial materials and providing services to all oil, gas, electric, petrochemical refineries and waters companies.

Mission

Is to provide our valuable client with high quality services exceeding their expectation.
